

MEMORANDUM NO. 2026-002

To : All Employees
From : Management & HR Department
Date : June 5, 2026
Subject : Updated Work Schedule and Office General Rules and Guidelines

To All Employees,

With relations to Memorandum No. 2026-001, some office general rules and guidelines are being reverted and updated. Please be guided accordingly.

A. Work Schedule Adjustment

In lieu of the optional 7:00AM-4:00PM work schedule, which was temporarily introduced to assist employees affected by transportation challenges, will be discontinued due to the following reasons:

1. Employees Availing the Schedule Adjustment

- As per checking with our Sprout System (*Summary of Employee's Log-ins and Log-outs*), there is almost no one availing the work schedule adjustment starting 1st day of May 2026 up to present;

2. Productivity

- Since the majority of the employees are shifting back to the original working schedule, there is no minimal productivity impact in the company's operational efficiency.

3. Operational Costs

- For the past two (2) months from the time we implemented the option to adjust the work hours, there's a drastic increase in our office bills (ie. electrical);

Effective immediately, employees shall resume their previously approved work schedules, unless otherwise authorized by Management.

B. Air-conditioning Usage

While the company's official work schedule begins at 9:00AM, employees may access the office as early as 8:00AM. To support cost-efficiency measures, the office air-conditioning system will operate starting at 8:30AM.

Below are the factors the Management considers on this matter:

1. Employee's Health and Morale

- Humidity can cause physical and mental fatigue and exhaustion to someone. Due to this, the morale and productivity of an employee can be at high risk.

2. Operational Costs

- The standard opening time of the air-conditioning system must be strictly applied whether there will be early call time or late pack-ups to support cost-effectiveness.

In line with the Company's cost-efficiency initiatives, employees who report to the office as early as 8:00 AM may utilize the electric fans provided. As a general rule, the central air-conditioning system shall be switched on at 8:30 AM.

However, Management may authorize the earlier operation of the air-conditioning system on days when a significant number of employees are required to report earlier than usual due to shoots, events, productions, client meetings, or other operational requirements.

Employees who need to work beyond the office's standard operating hours must coordinate in advance with the Admin Department. Whenever possible, employees are encouraged to align their work schedules within regular office hours to promote efficiency and responsible use of company resources.

C. Attendance

Employees are expected to report to work on or before their approved start time based on their assigned work schedule. A 15-minute grace period shall be observed. Employees who anticipate being late or absent must promptly inform their Immediate Supervisor and HR as early as possible.

D. Breaktime

Onsite employees have a 15-minute snack break each morning and afternoon.

E. Meals During Events and/or Shoots

- For events and/or shoots conducted outside the office, the Company may provide meal allowance in lieu of arranging meals directly. Employees are expected to manage their meal schedules accordingly and arrive ready for their assigned call time.
- Time spent on breakfast, lunch, dinner, snacks, or post-events meals shall not be considered compensable work time and must not be included in overtime claims. Only actual hours spent performing work-related duties are eligible for overtime compensation.
- The Immediate Supervisors must carefully review all overtime submissions to ensure that meal periods are excluded from overtime compensations.

E. Office General Standard Rules

1. **Be on time:** Always go to work on time and do not forget to log-in and out using Sprout.
2. **Watch your language:** Always use appropriate and professional words and language while inside the office premises.
3. **Act professional at all times:** Always take accountability of all your actions and mistakes.
4. **Be respectful:** Always treat your colleagues, supervisors, and clients with respect and politeness.
5. **Watch your tone:** Talk and communicate with your co-workers politely and avoid raising your voice. Keep professional communications cordial.
6. **Dress appropriately:** Employees are expected to wear smart casual attire or company polo shirts. Avoid wearing revealing clothes that are not suitable for the office workplace.
7. **Always be tidy:** Keep your own desk and the entire office clean, tidy, and organized at all times.
8. **Minimize loud voices:** Use your indoor voice to avoid disturbing your other colleagues.
9. Turn off all lights, AC, and computers before leaving the office.
10. Always ensure that when leaving the office, the door is always locked.
11. After using the rest room keys, do not forget to surrender it at the front desk.
12. Work e-mail, office tools, and office equipment are strictly for business-use purposes only.
13. The use of the conference room is strictly for team meetings, interviews, and the likes only.
14. Avoid office gossip or speaking negatively about your co-workers.
15. Limit using personal cell phones while working.
16. Always be mindful of your workstation. Avoid moving things or stuff of co-workers especially his/her workstation if not necessary.

F. General HR Policies

1. Do not harass or discriminate against your co-workers.
2. All employees must work with diligence and exercise common sense in all work activities.
3. All employees must immediately report any unsafe conditions, health-related issues, and co-workers requiring medical attention to Immediate Supervisor and HR.
4. If there are any work-related concerns and/or issues, you may approach your Immediate Supervisor and HR to address the complaints fairly and efficiently.
5. Always adhere to protecting sensitive and confidential general office information. (ie. client's data, employee's data and compensation, etc.)

G. Pantry Standard Rules

1. **Clean As You Go:** Always keep the pantry clean and orderly.

2. Clean up all spilled water, coffee, and juice.
3. Avoid storing highly pungent foods.
4. Throw all your garbage and waste in the designated trash bin.
5. Always be reminded that all garbage must be out on or before 3:00PM.
6. If there are only a few bottles/gallons of water left, notify immediately the appropriate person to replenish.

H. Retaliation

The Management will not hesitate to adverse any action against an employee who will violate any of the above-mentioned workplace general rules and HR policies.

Above are for everyone's information and immediate implementation on the 5th day of June 2026.
